ENDO DUBAI 2023 8th EDITION

"Shaping the surgery of the future and
making the future surgeons"

FEBRUARY - 24 • 25 • 26 - 2023 | **Hilton Hotel, Al Habtoor, Dubai**

Invitation Letters

Dear Colleagues and Friends,

It is my great pleasure and honor to invite you all to the 8th Edition of Endo Dubai Congress which will take place in the wonderful city of Dubai in February 24 to 26 of 2023.

Endo Dubai has become a unique meeting on endoscopic surgery, endometriosis and training.

Those who attended the previous editions have witnessed the expansion and growth which led them to understand why this congress is significant and should not be missed.

Endo Dubai is a meeting point for experts who came from all over the world to discuss and debate the current and controversial gynecological problems in a friendly and highly scientific environment.

The program is rich, innovative, scientific, international and open without society constraints.

The goal and specific interest are the practical aspects of improving diagnosis in minimally invasive surgery as well as educating and training the next generation of young colleagues.

The atmosphere is unique, emphasizing friendship and the exchange of ideas in a relaxed atmosphere, encouraging everyone to learn from one another for the benefit of their patients.

We will have understood and improved our diagnoses, treatments, and surgery by the end of the day.

This is accomplished through a combination of high-quality scientific lectures, high-tech live surgery, and discussions centered on the best management and least invasive surgery while respecting the personal preferences of the individual woman.

All this, in a city that looks forward to the future, Endodubai.

I sincerely hope to meet you all there in February.

Cordially,

President

Dr. Anastasia Ussia

Founder and Director of the Gruppo
Italo-Belga for Endometriosis &
Advanced Laparoscopic Pelvic
Surgery, Italy

ENDO DUBAI 2023 8th EDITION

"Shaping the surgery of the future and making the future surgeons"

FEBRUARY - 24 • 25 • 26 - 2023 | **Hilton Hotel, Al Habtoor, Dubai**

Invitation Letters

Dear Colleagues, Dear Friends

Endo-Dubai 2023 will be the 8th edition of Endo-Dubai.

Despite all difficulties Endo-Dubai 2022 has been a tremendous success bringing together more than 700 participants from xx different countries.

With more than 80 different sessions covering all aspects of MIS in Gynecology, Endo-Dubai has, once again, proven to be the largest event on MIS in the region!

Beside the scientific aspects, Endo-Dubai is also the place to gather, to network and to interact with colleagues and experts in an unequalled way.

The Motto of this year is:

"Shaping the surgery of the future and making the future surgeons!"

This emphasizes the place of Endo-Dubai ahead of the curve of technology but keeping the classical concept of improving science and transferring experience.

One of the main objectives of this congress is to share the clinical experience of worldwide recognized experts, to transfer this knowledge to all doctors and to avoid the risk to see patients to be excluded from the benefice of MIS.

We do Laparoscopy and Hysteroscopy simply because we do better for our patients! But doing so, we have the responsibility to learn more, and...

Endo-Dubai is the best place to learn.

That is why, **I invite you to be there with us on February 24-26, 2023 for:**

ENDO-Dubai The 8th Edition

Cordially,

General Chairman

Pr. Arnaud Wattiez
Head of the Gynecology Department
at the Latifa Women and Children
Hospital in Dubai, UAE.
Founder of MIS Academy.

ENDO DUBAI 2023 8th EDITION

"Shaping the surgery of the future and making the future surgeons"

FEBRUARY - 24 • 25 • 26 - 2023 | **Hilton Hotel, Al Habtoor, Dubai**

About ENDO DUBAI

ENDO Dubai is quickly becoming a reference in Minimally Invasive Surgery, endorsed by the Dubai Health Authority (DHA) and a leading platform for exchanging scientific and clinical information in the Middle-East & beyond.

During the past editions of ENDO Dubai, we have welcomed gynecologists, endocrinologists, internal medicine practitioners, as well as health administrators and legislators from around the world.

Why Delegates Attend This Congress?

99%

Keep up-to-date on the Latest Trends in Minimally Invasive Surgery

ENDO DUBAI 2023 8th EDITION

"Shaping the surgery of the future and making the future surgeons"

FEBRUARY - 24 • 25 • 26 - 2023 | **Hilton Hotel, Al Habtoor, Dubai**

The Introduction of 8th Edition

After overcoming the pandemic situation during the past years, it did not stop us from innovating.

The 2022 edition of ENDO Dubai organized by MIS Academy was indeed a great success, bringing together over **120 international & local speakers with 700 onsite and online delegates for 3 days** of exceptional scientific debates, exchange, mentorship and networking.

Feedback from delegates suggest that there is an increasing need for high-quality training in the MIS field, which **ENDO Dubai addresses directly.**

The 8th Edition:
February 24, 25 and 26 of 2023

We are dedicated to make this congress **even greater for all participants, whether as sponsors, delegates or speakers.**

Get ready as we are bringing back the complete onsite activities without the virtual structure since we believe that **being together face to face adds more value and provides an exceptional experience.**

Our goal is to **emphasize the future of technology and advances as the key to minimally invasive surgical success rates.**

ENDO DUBAI 2023 8th EDITION

"Shaping the surgery of the future and making the future surgeons"

FEBRUARY - 24 • 25 • 26 - 2023 | **Hilton Hotel**, Al Habtoor, Dubai

The Introduction of 8th Edition

We expect the **2023 edition of ENDO Dubai to gather over 1,000 participants (fully onsite)** and are working to make it an even more impactful event.

We will continue to **offer a lot of Live Surgery, attractive workshops and lectures by high-profile international speakers on topics aligned with the latest in the industry, scientific and medical developments.**

And of course, many networking opportunities, with the exhibition area and exciting gala dinner.

ENDO Dubai is a unique opportunity to engage key opinion leaders and future leaders in gynaecologic surgery, raise the profile of your company and showcase your solutions and products.

Our team will be delighted to work with you to ensure your skills and knowledge enhancement at the congress. There are many partnership opportunities and many ways to get involved, which we hope you will consider.

Therefore, **ENDO Dubai is a key contributor to your success and growth.**
